Important Note:

The claims information on this screen is not a guarantee of payment. Blue Cross NC may adjust this information as new information is received or if it is determined that claims were processed incorrectly. Claims status is available for health policies only. It typically takes two weeks or longer from date of service for providers to submit a claim. Providers have up to six months, and in some cases as many as 18 months, to file a claim, depending on your plan. Detailed claim information is only available for claims that have been processed.

Subscribers can see claims and benefits information for all the members on the policy. A spouse or domestic partner can view claims and benefits usage for themselves and any dependents under age 18. Dependents can only view their own claims and benefits usage.
